

PHYSICIAN ADVISES CUTICURA REMEDIES

For Eczema, Patient's Wrist and Shin Itched Like Poison. Scratched Until They Bled. Says: "Cuticura Soap and Ointment Cured Me."

"Four years ago I had places break out on my wrist and on my shin which would itch and burn by spells, and scratching them would not seem to give any relief. When the trouble first began, my wrist and shin itched like poison. I would scratch those places until they would bleed before I could get any relief. Afterwards the places would scale over, and the flesh underneath would look red and feverish. Sometimes it would begin to itch until it would wake me from my sleep, and I would have to go through the scratching ordeal again."

"I consulted my physician in regard to it, and he pronounced it 'dry eczema.' I used an ointment which the doctor gave me, but it did no good. Then he advised me to try the Cuticura Remedies. I had heard that they were good for years, and I considered hereditary, I felt anxious to try to head it off. I got the Cuticura Soap, Ointment and Pills, and they seemed to be just what I needed."

"The disease was making great headway on my system until I got the Cuticura Remedies which have cleared my skin of the great trouble. From the time the disease began four years ago, until now, I have never felt any of its pangs, and I am thankful to the Cuticura Soap and Ointment which certainly cured me. I always use the Cuticura Soap for toilet, and I hope other sufferers from skin diseases will use the Cuticura Soap and Ointment."

(Signed) Irven Hutchison, "Three Rivers, Mich., Mar. 16, 1911."

Y. M. C. A. PLANNED FOR ELEPHANT BUTTE

A general Y. M. C. A. is to be established at the Elephant Butte dam site, if the plans of district engineer W. M. Reed and the officials of the reclamation service materialize.

It is the intention to have the Y. M. C. A. at Elephant Butte under the control of the industrial department of the general association. The matter has been referred to the secretary of the interior and if it meets with his approval a Y. M. C. A. building will be erected at the dam site and the reclamation and amusement at the dam taken charge of by a Y. M. C. A. secretary, appointed by the industrial department.

SOLOMONVILLE NOTES.
Solomonville, Ariz., Aug. 17.—W. H. Lantz has moved his family to the ranch, a mile west of town. Mr. Lantz is farming the Austin place this summer.

Rev. M. Serna, the resident minister of the Adventist church, let moved his family for a short time to Safford. He expects to help some other ministers who are going to hold a special service for some time at Safford.

Health and Beauty Advice

BY MRS. MAE MARTYN.

Gertrude: To beautify the complexion and preserve its youthfulness, try an almond cream-jelly. This is splendid for the removal of blackheads and pore impurities, as well as clearing the skin of tan, freckles, blotches and fine lines. To prepare: Dissolve one ounce of almond oil in a half pint of water, then add two teaspoonfuls glycerine. Rub the cream-jelly into the skin twice a day, morning and evening. It will quickly clear the skin and give it a velvety smoothness and charming tint without the least possible danger of growing hair.

H. U.: An unhealthy scalp causes profuse dandruff and dull, stringy, straggly hair. I would advise a quinine tonic, which is inexpensive and easy to prepare. Get an ounce of quinine from your druggist and dissolve it in a half pint of alcohol, and rub the scalp in with the quinine. It will remove dandruff or excess oil, and put the scalp in a healthy condition. Its continued use makes the hair soft and glossy, restores the original color, and promotes a fine growth.

Mrs. A.: I don't think the condition of your eyes calls for glasses. The ache and smart of which you speak can be quickly stopped if you use an eye-tonic, made by dissolving an ounce of cayenne in a pint of water and putting two or three drops in each eye daily. This tonic is very beneficial, as it soothes aching eye-muscles and removes inflammation. Using it makes weak eyes strong and gives to them an unusual brilliancy and pleasing expression.

A. D.: Do not employ the electro-neural for the removal of those hairy hairs, as it is a painful and costly operation. Get an ounce of delatone from the druggist and with water mix a little into a paste. Spread on hairy surface and after two or three minutes rub off, wash the skin and you will find the hairs are gone. Delatone costs a dollar an ounce and is worth it, too.

ENGLEMAN'S AMERICAN SOFT DRINK HABIT

(Continued From Previous Page.)

his customer. Now many of the patrons are real pleasure fastidious enough to be critical of the smallest defect. Under present conditions: "A chemist you have got to be. To take a soda clerk's degree. What used to be plain brew is now a sweetened Irish stew." The composition of an egg drink is one requiring special dexterity. The best usage requires that the egg whites must be broken in plain sight of the customer. It must be neatly dropped from the shell into a glass with the yolk unbroken which is not always as easy as it looks. The glass must not be smeared or the milk splashed and yet all must be done as quickly as possible. This increased skill on the part of the soda clerk naturally calls for increased remuneration and it is being paid. A good soda clerk in a very smart shop may receive from \$75 to \$100 a month in salary. If he is skillful in devising new formulas he may receive even more in a large establishment. This is a common favorably with the "herker" formerly received.

Oklahoma "Purity."
With the increased attention being given to sanitation and the purity of food products throughout the country, the soda water fountain and all of its appliances naturally have not been neglected. Recent laws have been enacted regarding the purity of the flavorings and coloring matter used at soda fountains. Oklahoma requires every fountain using substitutes for the natural fruits to display in a conspicuous place an emblem of a fountain instead of the usual emblem of a soda glass. The words "are substitutes" were printed in very small type so as to make them practically unnoticeable.

One who requires all spoons to be washed twice, first in hot and then in cold water. In a number of others every glass must be sterilized after each using. In several cities are being introduced paper substitutes for the soda glass. It is very likely that this substitution will become general throughout the country as they can be produced in large quantities at a cost of a few cents, and the expense of having the glass sterilized and providing for the inevitable loss of breakage.

Now the "Iceless" Fountain.
There has been a great advance in the mechanism of the newest soda fountains during the past five years. Now the "iceless" fountain is being demonstrated and the extra cost of this is more than replaced by the lessened expense of production when the freezing temperature is produced by chemicals instead of ice. The by chemical fountain also does away with the slop supposed to be inevitable around a soda fountain. A Boston soda shop, with a new equipment, has lately been supplied with strips on which the girls stand as they serve the soda, and there is no more slop there than behind a ribbon counter.

While from the first the soda fountain always has been designed with due attention to its attractive appearance, many of the new plans are of exceptional beauty. Genuine opal or the purest Catara marble, the finest plate glass mirrors with unlimited silverware combined with the greatest amount of artistic skill are always such that will harmonize and enhance the effect. One progressive manager has lately fitted up a branch telephone system with a telephone on each table. The customers telephone their orders to the clerk at the fountain and are thus spared the annoyance of having to wait at the counter.

Tomorrow—Drouth.

HAS 107 PARROTS AND MUST REDUCE THE NUMBER.

Because he had 107 parrots and more than is customary, R. R. Forrester was arrested Wednesday by the police and charged with maintaining a nuisance. He was given until Thursday evening to dispose of the parrots.

ALMA: Your skin will lose that shiny, unnatural look and take on a velvety smoothness and pink and white tint if you discard powder and rouge and use the following lotion: Dissolve one ounce of supurum in one-half pint of water and when cool add two teaspoonfuls of glycerine. Apply this to the skin, rubbing gently until dry. This is superior to powder because it is invisible when on, does not rub or blow off, and aside from beautifying the skin and removing tan and freckles, gives a richness to the complexion not possible with powder. Nothing equals a keratene tonic as an energizer and system-builder.

Mildred: Impure blood causes a slow, lifeless condition of the skin, robs you of energy and gradually undermines your health. Before it is too late, get an ounce of keratene from the drug store and dissolve in a half-pint alcohol. To this add one-half cupful sugar and one ounce of water. Strain and take one tablespoonful before meals. This tonic soon rids the blood of impurities, then health and strength quickly return. Nothing equals a keratene tonic as an energizer and system-builder.

Miss M.: It is not necessary to visit a sanitarium in order to reduce your weight. Dissolve four ounces parotins in a pint and a half hot water. Strain when cold and take a tablespoonful before meals. This is quite harmless; and while it dissolves fatty tissues, does not leave the skin wrinkled or flabby, nor does it call for dieting.

Feet So Sore Couldn't Walk Down Stairs--- TIZ Cured Her Quick.

If you have sore feet, tired feet, smelly feet, corns, callouses or bunions, read what happened to Mrs. Crockett, of Jeffersonville. TIZ DID IT. Mr. Crockett says: "After the second treatment she walked downstairs one foot at a time. She had not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Bunions and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget your ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct, if you wish, from Walter Luthier Dodge & Co., Chicago, Ill.

CANUTILLO BRIDGE AND ROAD ARE BEING RESTORED

The Canutillo bridge is being replaced by a force of men working for county surveyor Eubank. The old bridge was washed away by the high waters and is being replaced by a steel span.

The water has also been pumped from the road at Canutillo and as soon as a culvert is replaced, the upper valley road will be as good as new.

WOMAN IS DISCHARGED; HAD MOTHER'S CONSENT

Lucy Parker, arrested as a suspicious character while accompanied by a little girl, was dismissed in corporation court Wednesday afternoon, after it was shown that the little girl was with the woman with the knowledge of her mother.

OBJECTIONABLE NEGROES ARE EJECTED FROM CAR

Three negroes who were making themselves objectionable on a Juarez car were ejected Wednesday evening by T. M. Williams, a conductor on the Juarez line. Williams appeared at the police station and surrendered himself later.

HOOSTING THE SOUTH.

The Southern Commercial conference is to meet in Memphis, Tenn., Oct. 9, for the purpose of announcing to the nation that "the south should be visited."

Secretary Kinne, of the local chamber of commerce, has received a letter from G. Grosvenor Dawe, managing director of the congress, asking him to appoint one or more delegates to the congress.

Seemed to Give Him a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Young, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health."

For sale by all dealers.

Gossip of Games Here and On Other Fields of Sport

(By Paul Nafe.)

Cy Young, the "grand old man of baseball," has been disposed of by the Cleveland team, which he has served so faithfully for several years. Old Cy was the premier pitcher in his day and starred on the mound in several instances. He once pitched a no-hit game, in which no man reached the initial cushion, and also several one-hit and two-hit games. He has pitched upwards of 600 games and has won a good per cent of them, but his age, and a continued slump has put him out of last company. He is fairly well-to-do and his disposal from the team will in all probability cause him to withdraw from the game for good.

Detroit split the series with the White Sox after winning the final game Wednesday. It began to look as if the Hoes would kidnap the final game, but everything went smoothly for the Tigers, as Wild Bill Donovan allowed only four runs, and Chicago made two costly errors.

As the French turf season has just closed, the win records now show that an American, Frank O'Neill, of St. Louis, stands at the head of the winning jockeys, having won 96 races. O'Neill's nearest competitor, Reiff, another American, came second, with 70 victories.

Hans Wagner and the Pirates are only a half game behind the fighting Cubs now, but Chicago will undoubtedly maintain its lead, as the team is tangling with the Boston Red Sox and will probably annex the series. The Pirates are scrapping with Brooklyn and they, too, will likely win a majority of the games. It is thought, however, that the Pirates, New York and Chicago will be out of the race, as they will do all in their power to help their Giant neighbors against Chicago, and even though they do not play crooked ball, they will manage to put up an easy game against Pittsburgh. The 9 to 0 defeat administered to them Wednesday looks bad, as Chicago lost its goat when playing the Brooklynites. It may be, too, that it was a bum game because, by clearing with the Pirates, New York can have a lookin', but it's all in the game.

With an average of only 22 games to be played in the majors, the standing begins to tighten up, and the not-so-notchers will put up the genuine article of ball from now on and the final games promise, with the positions so close, to be the hardest fought of any in the history of the game.

SEVERAL CHARGES AGAINST ALMURTS KEPT POLICE BUSY
Charles Almurt, employed at the Bristol cafe, on San Francisco street, was as heavily charged as a bottle of soda pop Wednesday night. He was docketed for malicious mischief, disturbing the peace and resisting an officer.

Almurt is said to have broken into a room at the Elite rooming house and obtained two grips that he had left there, but which had been locked up by the proprietor. He then went to the New Home rooming house, on Third street, it is said, and barricaded himself against the police. It required four officers to arrest him.

Warming up with the Pirate gang, and his work is pleasing Dreyfus so much that he will likely be tried out with the fast company within a few days against one of the last-placers. If he shows up with the famous Pirate infield support, which is sadly lacked in St. Paul, the Cubs can look out for their oats.

Austin, in the Texas league, is slowly but surely gleaming onto the league straight J. shrldu cmfwp cmfwp mh banner. It has won 22 straight games, and at the rate it has been going after the other leaders, it will likely spear the floating beauty. This is a record for the Texas, National and American leagues, as the National record is 29 straight games, and the American 19.

At last it has leaked out how Wagner points up his batting average. His old standby is the "hit and run." He is so placed on the lineup that when he faces the pitcher he bases on unusually populous. The signal for the veteran is to run up two strikes, and as near three balls, and wait for the last pitch. The pitcher knows that if he throws wild, a man will walk home, and he also knows that Wagner has a bat as big as a screen door, so he has the pitcher bluffed. The signal is given, the runners dig their spikes into mother earth, and wait for the twirler to grove the final delivery. They place their confidence in Honus to such an extent that as soon as the pitcher coils up, they horn, and Hans takes advantage of the grooved sphere and usually kicks them all out. It is known as one of the best pinch swatters in the league because of the hit and run signal. It has an element of uncertainty about it that fixes the infield and the play ordinarily works out just right.

There won't be any of the usual banging at the umpire from now on, as Cal Earthman has been known to clean for three huskies at a time, and Krause is no slouch, either.

Chenny, the shortstopper for the Millers, lost about 12 points off his batting average in the last Saturday game. It might pay to follow up the fast little player, for when he falls down the least bit he easily picks up and a little more, too.

Ducky Gowan has fallen down on his old batting record also, but what he loses along that line, he makes up in his classy fielding.
